Fifty percent of funds collected remain in our diocese to fund local communications efforts. Your support helps spread the gospel message! To learn more, visit www.usccb.org/cc.

THE MOST HOLY TRINITY: Glory to the Father and to the Son and to the Holy Spirit. Listen to what Jesus says: "The Spirit of Truth will come to you." What is the 'truth' of your life? How can you best serve God? If God is calling you to a Church vocation call Fr. Andrew Lauricella at 716-847-5535. You can also check out the "Priest of the Month" stories on our website – www.buffalovocations.org.

Fishing Tips

The best fishing days and times are one hour before and one hour after high tides, and one hour before and one hour after low tides.

Right after sunup for a spell and just before sundown and the hour or so after. During the rise and set of the moon.

When the barometer is steady or on the rise. But even during stormy periods, the fish aren't going to give up feeding. The smart fisherman will find just the right bait!

When the breeze is from a westerly quarter, rather than from the north or east.

When the water is still or rippled, rather than during a wind.

How to Estimate the Weight of a Fish.

Measure the fish from the tip of its nose to the tip of its tail. Then measure its girth at the thickest portion of its midsection. Multiply its length by the square of its girth. For fat-bodied fish (bass, salmon), divide this product by 800. For slender-bodied fish (trout, northern pike), divide by 900.

GOOD LUCK!

Church Humour

The children were lined up in the cafeteria of a Catholic elementary school for lunch. At the head of the table was a large tray of apples. A nun lettered a note and posted it on the apple tray: "Take only ONE. God is watching."

Moving along the lunch line, at the other end was a large tray of chocolate chip cookies. A girl wrote a note, which she put next to the tray of cookies, "Take all you want. God is watching the apples."
